

Tribal Thunder Displays & Explains:

- Instruments from various cultures – with their geography and a brief history.
- Musical instruments from the woodwind, string and percussion families.
- A live demonstration of the effects of sound waves through water (the Science of Cymatics)
- Presentation of how sound is used for survival (i.e. hunting, communication ,etc)
- Traditional native instruments from various aboriginal cultures.
- Tibetan Singing Bowls, Bells, and Tingsha, crystal bowls from Silicon Valley, precision ground tuning forks.
- Various legends, stories and anecdotes shed light on school issues and current events that concern students.

Classroom Application of the Tribal Thunder Program

The members of Tribal Thunder have over 25 years of experience with applied cognitive science of neuro-acoustics. We are often seen as musicians; however, this is just the surface of our program.

We have, during the last 11 years drummed with over 230,000 students of various ethnic, cultural, religious, special cognitive and emotional needs. Tribal Thunder is adept at behavior management and utilizes co-operation, not control with the students. For this reason teachers are asked not to interfere with the entrainment process. The methods and technologies transfer easily to a classroom application. This promotes a stronger social structure which enhances mutual respect between students and teachers.

School Instrument Packages are also available for purchase. Please inquire.

School Programs

With over eight hundred pounds of equipment, Tribal Thunder will demonstrate the Science of Sound and Vibration, world history, geography, co-operation and respect, through an engaging interaction, using the unifying force of humanity.

Each participant receives his/her own drum to play and Tribal Thunder facilitates teaching technique, beat and rhythm.

At various points Tribal Thunder demonstrates and explains an anti-bullying message as well as the efficiency of co-operation and the responsible and respectful use of one's own personal power.

Children are the life blood and the future of any a great nation.

Oz (Oscar De Los Santos) "I started Tribal Thunder in 1997, after I received a vision that told me how to do my part to help make the world a better place. I turned to music because it is the universal constant that transcends language and cultural differences. Of all the musical instruments in the world, the drum is found in every culture on the face of the planet. It is the unifying heart beat behind all music; the heart beat of life and the pulse of creation."

Tribal Thunder brings together Music, Geography, History, Science, Health, and ... PERSONAL EMPOWERMENT All In ONE Show!
